

RE Proceeding #02-278

I am writing to comment regarding the effort to weaken Indiana's "do not call" telephone privacy list. I am deeply concerned that the FCC would work to weaken Indiana's privacy list. I do not buy telephone service (Cellular service and land lines) to benefit the marketing interests of banks, charities or others. Radio, television and print media have worked for years. Please respect my privacy and do not change Indiana's do not call list.

Respectfully,  
Frank Benchik  
8326 Hawthorne Drive  
Munster, IN
